

Good Earth De-Icer is an environmentally responsible solution to help fight a winter storm before it arrives. When you apply it to sidewalks, steps, ramps and traffic areas before a storm it will prevent the bonding of snow and ice to the surface. This means a fast and effective cleanup after the storm. De-Icer is also excellent at melting thin layers of ice and snow left behind by snow blowers and plows. It eliminates the unsightly residue that granular products leave behind. Good Earth De-Icer is tested and proven to be effective to -25F. This formula is ready to use - DO NOT MIX WITH WATER.

DIRECTIONS FOR USE:
SHAKE WELL BEFORE USING.

Pretreat De-Icing - Using a pump up sprayer or other means, apply the product making sure to spray area until wet - avoid excess run off. Application rates will vary based on sprayer, nozzle and actual weather conditions. Apply Good Earth De-Icer 1-2 hours prior to snowfall. **De-Icer will give you residual activity for up to 48 hours before a storm arrives. Do not apply when the surface temperature is below -25F. One gallon will cover approx. 900-1,000 sq. ft.**

Post Storm De-Icing - Shovel first then apply Good Earth De-Icer to melt any thin layers of ice or snow using a pump up sprayer or other means. In conditions that have more than 2 inches of snow, liquid De-Icers are ineffective. **Do not apply when the surface temperature is below -25F. One gallon will cover approx. 800-900 sq. ft.**

Environmentally Responsible

Liquid De-Icer & Anti-Icer

CAUTION:

**KEEP OUT OF REACH OF CHILDREN.
READ PRECAUTIONS ON SIDE.**

GRN-662

Net Contents: 15 Gallon

Precautions and Suggestions: This product is intended for commercial use by experienced building and grounds professionals. Good Earth De-Icer is designed to be used with snow removal equipment. The freeze and thaw cycle of moisture can cause damage to concrete. The effectiveness of Good Earth De-Icer in any application will depend on temperature, weather and traffic conditions as well as rate of application and other components that are beyond the manufacturer's control. Consumers must assume all risk and liability resulting from the handling, storage and use of this product.

CAUTION: May cause eye irritation. Avoid contact with eyes and skin.

EMERGENCY AND FIRST AID PROCEDURES:

EYES: Rinse immediately with fresh water for 15 minutes. See a doctor if irritation persists.

SKIN: Wash skin with soap and water.

For further details regarding use of this product, obtain a Material Safety Data Sheet from your distributor.
